

Molecular Biology American Program

 Molecular Biology - presentation 1

 Molecular Biology - presentation 2

Online Presentations and Handouts

01 History and DNA

02 Genes and nucleosomes

03 DNA replication

04 DNA repair

05 Prokaryotic transcription

06 Eukaryotic transcription

07 RNA processing

08 Translation

09 Cancer

10 Origin of life

11 Cloning

Tutorials

Recorded lectures

Exercises

Cloning exercise 2017
